

The diagram illustrates a networked television system. At the top, a box labeled "Program Feed" is connected to a cloud labeled "125". A line also connects the "Program Feed" box to a server rack labeled "115". The server rack "115" is connected to the cloud "125". The cloud "125" is connected to a television set labeled "105". A separate box labeled "110" is connected to the television "105". The box "110" has a small display labeled "56". The text "~ 100" is positioned near the cloud "125".
